

HAOMIN YANG

GRADUATE LANDSCAPE ARCHITECT

Adelaide, SA | +61 432 513 007 | hunteryung750@gmail.com | haominyangportfolio.com

SUMMARY

Graduate Landscape Architect and AILA Graduate Member with a Master of Landscape Architecture from the University of Adelaide. Combines landscape design, planting and technical documentation capability with hands-on residential construction experience. Proficient in AutoCAD, Rhino, SketchUp and Adobe design software, with a strong interest in translating design intent into practical, buildable outcomes.

TECHNICAL SKILLS

- AutoCAD, Rhino and SketchUp
- Photoshop, InDesign and Lumion
- D5 Render and Twinmotion
- Site coordination and installation
- Landscape plans and sections
- Planting design and schedules
- Technical documentation and detailing
- Material handling and laser alignment

PROFESSIONAL EXPERIENCE

Window and Door Installer | Max Aluminium Windows and Doors Pty Ltd **Aug 2026 - Present**

Adelaide, SA

- Quickly learned the end-to-end residential installation workflow and progressed to completing key tasks with limited supervision.
- Install, retrofit, service and replace aluminium windows and doors across new-build and renovation projects.
- Assemble frames; check labels and orientation; position units into subsills and openings; align with laser levels; fit packers; and secure frames with screws and nails.
- Guide labourers through preparation and close-out, including suction-lifter handling, component staging and waste removal.

Delivery Driver | Oriental Green Pty Ltd **2026 - Aug 2026**

Adelaide, SA

- Completed time-sensitive multi-stop deliveries while coordinating routes, communicating with customers and handling goods carefully.

SELECTED LANDSCAPE PROJECTS

Sound-Green Woven City | Final Landscape Architecture Project **2024**

- Developed a multi-scale ecological and public-space strategy using planting, landform and spatial planning to reduce urban noise while supporting habitat and community use.
- Produced site analysis, concept and master plans, planting plans, sections, schedules, construction details, visualisations and a physical model.

Estuary Bridges - Connecting Coastline and Wildlife | Country-Centred Design Studio | Group Project **2024**

- Collaborated on an ecological proposal for Aldinga Washpool and the Willunga Basin through research, mapping and spatial analysis of habitat, hydrology and Kaurna cultural context.

EDUCATION

Master of Landscape Architecture | University of Adelaide **2023 - 2025**

Completed July 2025

Bachelor of Landscape Architecture | Anyang Institute of Technology, China **2018 - 2022**
